EVACUATION PROCEDURES

Move to the nearest exit away from danger. Use the stairs (do not use the elevator) and proceed to 1st floor exits.

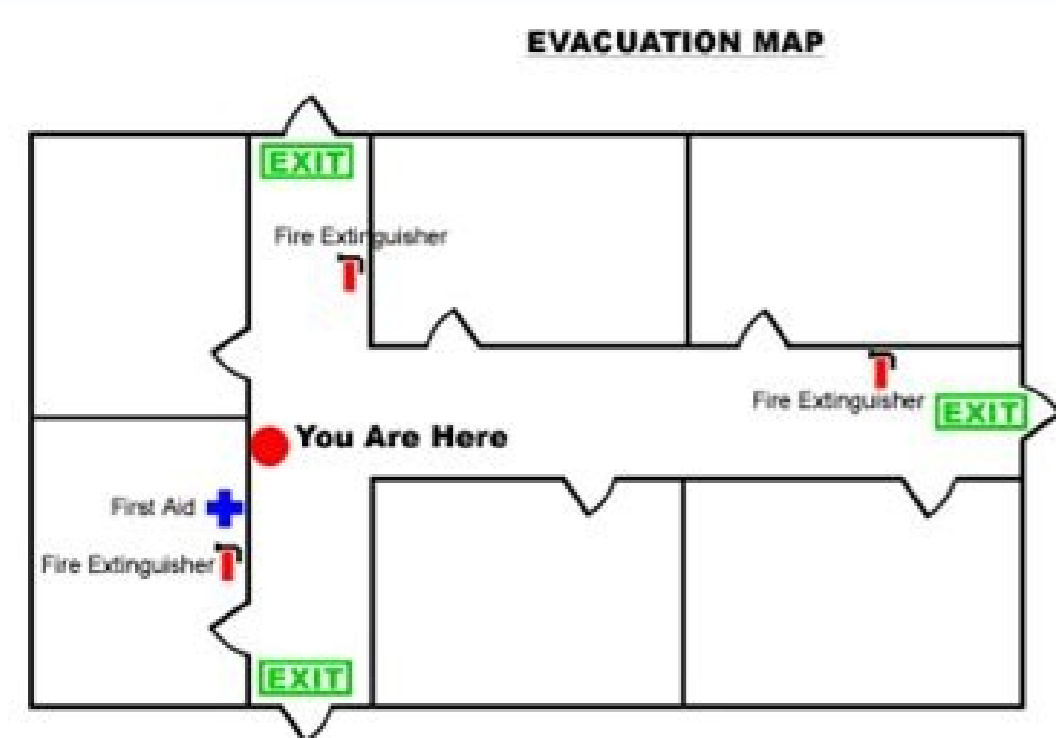

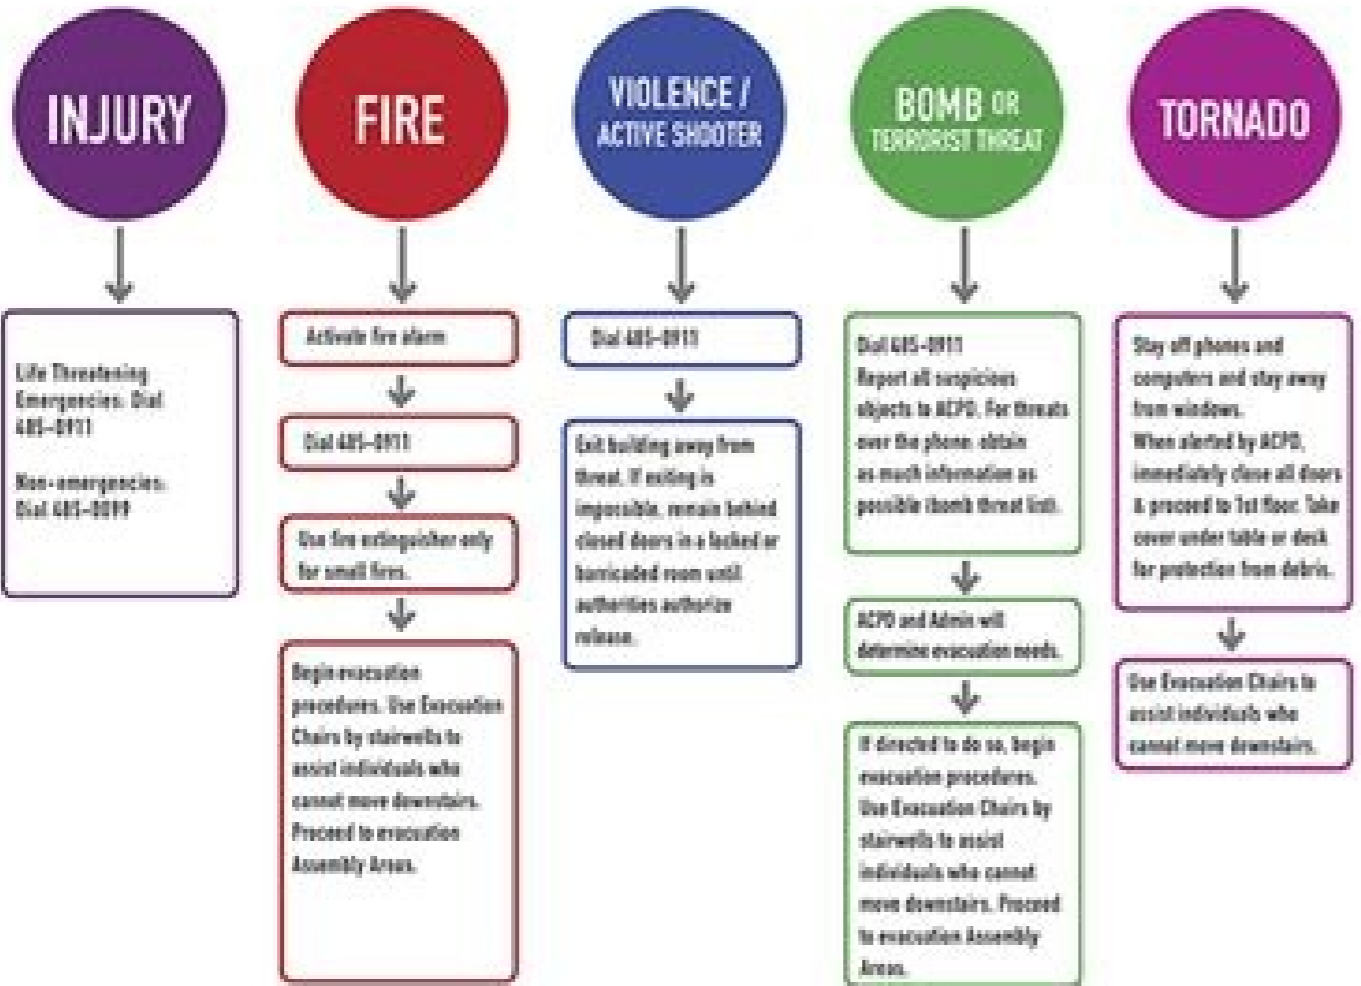

Use the Evacuation Chairs near stairwells to assist individuals who cannot move downstairs. Find a safe location at the bottom of stairs and call for assistance.

Proceed to Assembly Areas. Consult your Evacuation Group Locations map posted in your classroom or office area.

In the event of Shelter in Place: Proceed to the safest area hallway, closing all classroom and office doors to protect from outside gases.

Remain calm and await further instruction.

EMERGENCY CALL STATIONS WITH BLUE LIGHTS ARE LOCATED THROUGHOUT PARKING LOTS AND WALKWAYS.

Change is required and we can help with meeting the new minimum standards. As part of the Fire Block Plans' compliance package we offer a range of services to help you. The New South Wales (NSW) Government enacted new fire safety regulations for short-term rental accommodation (STRA). Evacuation plans that meet specific criteria will be needed at your property's entrance and in all bedrooms. The new rules will go into effect on November 1st, 2021. We can assess your property and determine the emergency assembly area and 'you are here' locations. Evacuation Diagrams will be provided for each bedroom and common area, and will comply with the STRA Fire Safety Standard and AS3745-2010. We can locate and test each of your smoke and/or heat alarms and confirm they're in the correct position, and that they are compliant with the requirements of the new STRA Fire Safety Standard. Our Emergency Advice Sheets provide your occupants with the critical information they need to have a safe stay. We offer two options to help keep your dwelling fire-safe. Visit the site and install your portable fire extinguisher & fire blanket to comply with AS2444 and the STRA Fire Safety Standard, or ship the portable fire extinguisher & fire blanket directly to you, for you to install yourself for a reduced fee. Fire Block Plans is an Australian company specialising in fire design, Emergency Planning and AutoCAD. STRA Evac - Evacuation plans & evacuation diagrams for Short Term Rental Accommodation (STRA) in NSW, Australia. Comply with new planning framework, fire safety standards for STRA dwellings. The NSW Government has introduced new fire safety standards for Short Term Rental Accommodation (STRA). Evacuation plans that meet specified standards are required at the entrance to your property and in all bedrooms. These new rules were introduced in March 2022. STRA Evacuation Plans produce evacuation diagrams and Emergency Advice Sheets to assist in registration with Planning NSW. There are specific requirements for these evacuation plans as defined in the Short-term Rental Accommodation Fire Safety Standard. As well as the components of the plans and their locations, there is a requirement regarding the orientation of the plans. See the example evacuation plans on the process page. As well as evacuation diagrams, you will also need an Emergency Information Pack when registering your property in the NSW Planning Portal. We have an Emergency Advice Sheet that we can complete and add to your order. Testimonials "Ben at STRA Evacuation Plans has made the process of getting our holiday properties compliant a very simple procedure. With clear discussions, excellent turn around times and quality plans all arriving to our mail box within a few days of approval. Can't recommend Ben and his service highly enough." Jeanette and Martin Schoedert, IRIS PROPERTY HOLIDAYS "Ben from STRA Evac. Plans has been great in coordinating the plans of all of our Lakeshores Accommodation holiday homes in line with the Government STRA regulations. He has been very prompt and works well with us on even the most complicated house design. We would highly recommend his services and the plans look great and meet the regulations guidelines. He has gone above and beyond and we will continue getting all of our plans on future homes drawn up and delivered by Ben."
